# ELK Products M1 Systems Module
Available on the Compass Control®

ELK Products' M1 Security & Automation Systems are now compatible with the Compass Control® System, **the first fully integrated major control system built from the ground up to use** iOS & Android devices – **as its backbone.**

Key Digital has developed a driver and a pre-configured GUI template for their Compass Control® system to interface with ELK Products' M1 Security and Automation Control Systems. Compass Control® driver and UI provides M1 Gold & M1 EZ8 users with security, fire, door entry control, and energy & task management, while having access to a fully integrated control system with additional video, audio, climate and automation controls.

Module Features:

› Bi-Directional Control over RS-232
› Arming/Disarming
› System Status of Zones/Partitions
