Lutron® RadioRA® 2, HomeWorks® & Caséta™ Wireless Module Now Available on the Compass Control®

COMPASS CONTROL®
PROFESSIONAL

Lutron® RadioRA® 2, HomeWorks® & Caséta™ Wireless products are now compatible with the Compass Control® System, the first fully integrated major control system built from the ground up to use iOS & Android devices – as its backbone.

Key Digital has developed a driver and a pre-configured GUI template for their Compass Control® system to interface with Lutron® RadioRA® 2 System, HomeWorks® & Caséta™ Wireless. Compass Control® system gives Lutron® users iOS/Android access to adjusting light controls and automated shades, as well as climate/temperature control, while having an integrated control system under their fingertips with additional video, audio, security, and automation controls.

Module Features:

> Full Bi-Directional Driver controlled over IP
> Easy Integration into Compass Control with XML File Import
> Compatible with all RadioRA® 2, HomeWorks® &
  Caséta™ Wireless equipment:
>> Lights, Shades, HVAC, Dimmers, Switches, Fans, and more.
